All foreign exchange differences are recorded in the seperated statement of income.

#### (b) Cash

#### (c) Investments

#### (d) Accounts receivable

Trade and other receivables are stated at cost less allowance for doubtful debts.

#### (e) Inventories

Cost is determined on a weighted average basis and includes all costs incurred in bringing the inventories to their present location and condition. Cost in the case of finished goods and work in progress includes raw materials, direct labour and attributable manufacturing overheads. Net realisable value is the estimated selling price of inventory items, less the estimated costs of completion and selling expenses.

The Company applies the perpetual method of accounting for inventory.

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties, non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition for its intended use. Expenditure incurred after tangible fixed assets have been put into operation, such as repair, maintenance and overhaul cost, is charged to the seperated statement of income in the year in which the cost is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of tangible fixed assets beyond their originally assessed standard of performance, the expenditure is capitalised as an additional cost of tangible fixed assets.

#### (ii) Depreciation

Machinery and equipment10-15 yearsMotor vehicles6 yearsOffice equipment10 yearsERP System10 years

### Notes to the seperated financial statements (continues)

With the implementation of unemployment insurance scheme, the Company is no longer required to provide severance allowance for the service period after 1 January 2009.
